FRANKFURT IMPLANTOLOGY DAYS 2018 – Science meets Practice

Dear participants,

We have created and expanded program of lectures from international dental experts who will present their latest scientific results, paired with clinical case reports and practical solutions for your daily surgical work. Take your chance to network with like-minded colleagues and take the opportunity for an international exchange of experiences. Register and join an exciting educational event within international atmosphere where science meets practice.

Prof. Dr. Dr. Frank Palm
Klinikum Konstanz,
clinic for cranio maxillo-
facial surgery/Germany

FRIDAY, APRIL 27, 2018 (ROOM: 2010 – 2012)

All day	Arrival of participants	All participants
7:30 – 10:00 pm	Welcome dinner	Dinner speaker

SATURDAY, APRIL 28, 2018 (ROOM: 2010 – 2012)

7:45 – 8:00 am	On-site registration	All participants
8:00 – 8:10 am	Welcome & Introduction	Prof. Dr. Dr. F. Palm
8:10 – 8:25 am	Bone Physiology	Dr. F. Peters
8:25 – 8:45 am	Collagen composite experience in Socket Preservation	Prof. Dr. Dr. F. Palm
8:45 – 9:05 am	The use of β -TCP in combination with autologous fibrin matrix (PRF) – The new Gold Standard in Bone Regeneration?	Prof. Dr. F. L. Almeida
9:05 – 9:25 am	Long Term Behaviour of β -TCP grafted Bone – a 10 Year Retrospective on 600 Patients	PD Dr. Dr. A. Ludwig
9:25 – 9:40 am	Longterm Experience with β -TCP	Dr. U. Jeggle
9:40 – 10:00 am	Coffee Break	All participants
10:00 – 10:20 am	Sinus Floor Elevation with a new Implant System using a β -TCP Paste	Prof. Dr. O. Nahlieli
10:20 – 10:40 am	Clinical experience with β -TCP Paste in Sinus Floor Elevation	Dr. S. Kovach
10:40 – 11:00 am	Long-term Stability of Sinus lift augmentation with pure β -TCP in severe sinus atrophy maxilla	Dr. Anderson Shao
11:00 – 11:20 am	Q&A Session	All participants
11:20 – 11:40 am	Regeneration: Bone before implant in esthetic situations	Dr. G. Grangia

11:40 – 12:00 pm	Histological Evaluation – Reflection of material specific studies in-vivo	Prof. Dr. C. Knabe-Ducheyne
12:00 – 12:30 pm	New fast resorbing bone graft material in Sinus Floor Elevations – a 50 Patient Clinical Study	PD Dr. Dr. M. Stiller
12:30 – 12:40 pm	Q&A Session	All participants
12:40 – 1:35 pm	Lunch Break	All participants
1:35 – 2:05 pm	Peri-implantitis with a resorbable bone graft	Dr. F. Duarte
2:05 – 2:25 pm	The advantages of β -TCP Foam in daily dental surgery	Dr. H. Kubica
2:25 – 2:40 pm	From execution to documentation – the importance of new technologies in clinical treatment and case documentation	Dr. T. Beca Campoy
2:40 – 2:55 pm	Coffee Break	All participants
2:55 – 3:15 pm	Synthetic vs. bovine Hydroxyapatite. Meets the synthetic material the experiences of HA with biological origin?	Prof. Dr. N. Wood
3:15 – 3:35 pm	Full-arch rehabilitation with immediate implant placement and immediate loading protocol.	Dr. T. Gülcicek
3:35 – 3:55 pm	Dental Implants and Biomaterials – Indication, Application and Timing	Dr. D. Carcamo del Rio
3:55 – 4:35 pm	Back to work 24h following sinus augmentation – reality or wishful thinking?	Prof. G. Chaushu, DMD, MSc
4:35 – 4:50 pm	Case report of a new bone regeneration material in sinus lift	M. Calzado Luján, MD & DDS
4:50 – 5:05 pm	Q&A Session	All participants
5:05 – 5:20 pm	Farewell remarks of the chairman and handout of the certificates	Prof. Dr. Dr. F. Palm
