

LA&HA Symposium, May 26th – 27th

Friday, May 26th

7:30 – 9:00 Registration

Please check in at the registration desk before the Symposium starts.

9:00 – 13:00 *Aesthetics & Dermatology for all Attendees (Hall Cristoforo C. & Amerigo V.)*

Session 01: Fotona Facial Treatments and Beyond with the Dynamis®, TimeWalker® and LightWalker® Families (Chair: Ashraf Badawi)

Rejuvenation with Dynamis (Ashraf Badawi)

Scars + Rejuvenation (Nicolas Rygaloff)

15 Years of Experience with Fotona (Hasan El-Fakahany)

LipLase® + SmoothEye (Jorge Gaviria)

Rejuvenation – from Fotona4D® to Ablative Resurfacing (Yevheniy Skivka)

Laser-Assisted Drug Delivery (Uwe Paasch)

Photobiomodulation (Arany Praveen)

Cliff Pallet (Linhlan Nguyen)

HaiRestart® Mechanism of Action (Barry Dekeyser)

Free Communications: Rejuvenation Treatments with Dynamis (Mojgan Abdeh)

Free Communications: PBM with MarcCo for improvement of wound healing process (Ana Carolina Chociai)

Free Communications: How to Decide Parameters of Er:YAG SMOOTH Mode for Tightening of Face? (Nariaki Miyata)

Round Table Discussion

15:00 – 18:00 *Aesthetics & Dermatology (Hall Cristoforo Colombo)*

Session 02: Body and Hair (Chair: Tanja Phillips)

Body Contouring with Dynamis (Tanja Phillips)

Body Contouring - TightSculpting® and StarFormer® (Jorge Banjos)

Breastlift with novel patterned T-Runner (Adrian Gaspar)

Stretchmark Treatment Approach with Dynamis (Nathalia Correa Velez)

HaiRestart® X-Restart® Results (Kingsley Mariadasan)

HaiRestart® with X-Restart® (Ana Maletić)

Fotona for Surgeons (Paolo Abitabile)

Foton4D® with T-Runner (Roberto Valdivia Sing)

Avalanche Alex. 755 nm Hair Removal, Long-term Follow up (Anže Zorman)

Hair Removal and Pigmented Lesions with AvalancheLase® (Gabriel Bondia)

Round Table Discussion

15:00 – 18:00 Gynecology (Hall Amerigo Vespucci)

Session 01: Gynecology (Chair: Ivan Fistonić)

Fotona's Technological Novelties (Zdenko Vižintin)

VEL Treatment for Stress Urinary Incontinence (Barry O'Reilly)

HITS® - MoA and Treatment for Stress Urinary Incontinence (Christian Phillips)

Female Athletes and Urinary Incontinence (Peter Nobuo Okui)

Free Communications: Impact of Subablative Er:YAG Laser Applications on Vaginal Resting and Contraction Pressures (Ebru Alper)

Laser Treatment for Vaginal Laxity - Results of RCT (Roy Lauterbach)

Sexual Enhancement with Clitoral Hyperstacking (Adrian Gaspar & Marco Gambacciani)

The Erbium SMOOTH Vulvar Treatment in GSM Patients: The Contribution of Hyperstack Protocol (Marco Gambacciani)

Free Communications: Optimization of a Sexual Mutilation Repair (Excision) using Protocol "Clitoral Sensitivity Enhancement with Hyperstacking of Er:YAG SMOOTH Mode" (Hugues Geoffrion)

Round Table Discussion

Session 02: Urology & Male Health (Chair: Adrian Gaspar)

Intraurethral Approach to Treatment of Urinary Incontinence after Prostatectomy (Dejan Bratuš)

Free Communications: Case Report of Er:YAG and Nd:YAG Dual Laser Treatment for Erectile Dysfunction (ED) (Toshihide Miyauchi)

HITS® - Application for Treatment of Male Sexual Disorder - Erectile Dysfunction and Premature Ejaculation (Teodora Vasileva)

Novel High-intensity Tesla Magnetic Stimulation (HITS®) Improves Urinary Incontinence after Radical Prostatectomy (Takuro Kobayashi)

Round Table Discussion & Closure for the Day

15:00 – 18:00 Dentistry (Hall James Cook)

Session 01: SWEEPS Study Club (Chair: Giovanni Olivi)

SWEEPS - from Endo to Perio (Giovanni Olivi)

Er:YAG and Nd:YAG Assisted Apical Endodontic Microsurgery Protocol (Marcin Nowosielski)

Treating Periodontitis - Making it Easy and Predictable (Alan Dalessandro)

Improving the Treatment of Periodontal and Peri-implant Diseases with SWEEPS (Mojca Trost)

Session 02: Conservative & Restorative (Chair: Giovanni Olivi)

Restoration of Pediatric Caries without Anesthesia using Er:YAG laser
(Steven Bartley)

Er:YAG Laser-Assisted d25 Class II Cavity Preparation (Jana Grecanina)

Laser-Assisted Ceramic Debonding (Tomaž Ivanušič)

Q&A

19:00 Laser Experts' VIP Dinner 2023

Dress code: Smart casual / cocktail (bring your dancing shoes)

Saturday, May 27th

7:30 – 9:00 Registration

Please check in at the registration desk before the Symposium starts.

9:00 – 14:00 Aesthetics & Dermatology (Hall Cristoforo Colombo)

**Session 03: Pigments, Scars and Rejuvenation with the StarWalker® Family
(Chair: Leonardo Marini)**

StarWalker Family - Technical Champions (Leonardo Marini)

StarWalker MaQX Treatments of rosacea and other indications with FS50a
(Adele Bartram)

Combo FracRevive® (Lucas Chia)

StarWalker MaQX Treatments on Darker Skin Types (Habiba Boutaleb)

Starwalker PQX Scar Treatment (Taro Kono)

Starwalker PQX various treatments (David Sudarto)

Hydroquinone-resistant Melasma Management with StarWalker PQX (Jesse Chong)

Free Communications: starwalker PQX (Wong Yeut Sun)

Free Communications: Nd:YAG 1064 nm Laser with Fiber for Malar Bags and Skin Rejuvenation (Nathalia Wahyudi)

Free Communications: StarWalker Active Acne Treatment (David Hosana)

Free Communications: Eyeliner Tattoo Removal with StarWalker (Alexander Grant)

Session 04: Surgery with the Dynamis® Family

Free Communications: Correction of the Lower Part of the Face and Submental Area using Minimally Invasive Surgical Techniques (Alexander Igumnov)

Free Communications: Endo&ExoTight: a Global Approach to Treat Facial Flaccidity (Montserrat Ponga)

Free Communications: Vascular, the Influence of the use of Fotona's Nd:YAG on Treatment Strategies of Hemangiomas on Children in Ukraine. 10 years of Experience! (Oleksandr Bidakov)

Endotight™ 1064 nm + Fat Transfer (Afaf Majdi)

EVLA with 1470 nm (Tamara Klarič)

Round Table Discussion

Closing of the Symposium

9:00 – 14:00 *Gynecology (Hall Amerigo Vespucci)*

Session 03: Vulvar and Vaginal Procedures I (Chair: Adolf Lukanović)

Laser Treatment of Lichen Sclerosus (Adolf Lukanović)

Er:YAG Laser for Colposcopic Surgery - Treatment of Cervical, Vaginal and Vulvar Dysplasia (Teodora Vasileva)

Laser Treatment of CIN and HPV Infection (Mihaela Vasilescu)

Free Communications: Preliminary Results of the Removal of Genital HPV-Related Recurrent High Grade Vaginal Intraepithelial Neoplasia (VAIN) with Er:YAG Laser (Süleyman Akhan)

Urinary and Gynecological Pain (Machiko Aurora Okui)

Free Communications: Pain Management with MarcCo Handpieces (Katja Miličević)

A Comprehensive Approach to the Solution of Multiple Gynecological Problems (Aleksandra Novakov Mikić)

Objective Analysis of the Treatment of Episiotomy Scars (Tamer Erel)

Round Table Discussion

Session 04: Vulvar and Vaginal Procedures II (Chair: Jorge Gaviria)

Vulvar Tightening (Oksana Terpelivets)

Gyno4D (Jorge Gaviria)

Laser Treatment of Candidiasis (Adrian Gaspar)

Vaginal Microbiota after Laser Treatment (Yeksin Karataş)

Intrauterine Laser Approach for Restoration of Thin Endometrium (Olga Pustotina)

Free Communications: Ovary Stimulation with Photobiomodulation in Premature Ovarian Failure (Katja Miličević)

Free Communications: Management of Chronic Nipple Dermatitis with Nd:YAG Photobiomodulation (Sandra Medeiros)

Round Table Discussion

Closing of the Symposium

9:00 – 17:00 *Dentistry (Hall James Cook)*

LA&HA education - Help your Dental Laser Live up to its Potential! (Špela Levičnik Höfferle)

Session 03: Perio & Periimplantitis (Chair: Kinga Grzech-Lesniak)

Er:YAG Hard/Soft Tissue Cosmetic Crown Lengthening (Jay Ohmes)

Laser-Assisted Protocols for Immediate Implant Placement in Infected Socket (Iman Kusumadirja)

Periimplantitis Treatment with SkyPulse® - Soft Tissue, Bone and Nerve Considerations (Fernando Duarte)

Q&A

Session 04: Oral Surgery (Chair: Ilay Maden)

Advantages of QSP Mode in Bone Surgery (Paolo Vescovi)

Implant Placement with Er:YAG (Diego Gaviria)

Combined Approach of Er:YAG Laser and 460 nm Fluorescence in Surgical Treatment of Jaw Osteonecrosis (Ilaria Giovannacci)

“Physiology meets Physics” - Laser Frenectomy Surgical Outcomes

Compared, Er:YAG vs. Nd:YAG (Douglas Hanson)

LightWalker Laser for Complex Case of Dental Aesthetics Rehabilitation and Facial Aesthetics (Norberto Berna)

Er:YAG QSP Mode - Laser Treatment For Melanin Gingival

Hyperpigmentation (Angie Papas-Ginis)

Q&A

Session 05: Beyond Dentistry (Chair: Rita El-Feghali)

PBM using Flat-top Nd:YAG Handpiece – Clinical Experience (Rita El-Feghali)

Photobiomodulation Treatment for Herpes Zoster (Shingles) (Susan Chen)

Photobiomodulation Therapy in Peripheral Nerve Regeneration (Mihael Vrčkovnik)

NightLase® and Phototherapy in our Office (Krešimir Simunović)

SMOOTH Mode: the New Anti-aging Weapon (Alexandra Marques)

LipLase® - Safe and Non-invasive Lip Plumping (Tina Babić)

Q&A

Closing of the Symposium

19:00 *Farewell Disco Party*

Dress code: Glitter
