

CONFERENCE ON SALIVARY GLANDS

02-03.10.2026 | Porto, Portugal

Congress »»» Basic

08:30h | 09:00h Secretary opening

(includes conference kit distribution)

09:00h | 09:15h Salivary pathology: basic concepts

Manuel Guedes | Dentistry and Stomatology | Porto, Portugal

09:15h | 09:45h The ultrasound: can you really see what you can see?

Philippe Katz | Radiology | Paris, France

09:45h | 10:15h Inflammation and neoplasms: changing changes

Cristina Amaglio | Pathologic Anatomy | Milan, Italy

10:15h | 10:30h Opening session

João Carlos Mota | President | CSB

10:30h | 11:00h Coffee break and poster & industry exhibition

(includes sialography photo gallery)

11:00h | 11:30h Saliva, salivation and salivary tests: fake or fortune?

Pedro Cabral | Clinic Pathology | Porto, Portugal

11:30h | 12:15h Dry mouth, the malevolent symptom: a clinical guidance

Arjan Vissink | OMFS | Groningen, The Netherlands

12:15h | 12:45h Photobiomodulation (low-level light therapy) on xerostomia

Juliana Spanemberg | Oral Medicine | Gran Canaria, Spain

12:45h | 13:00h Discussion

[chaired by Fernando Duarte]

Congress »»» Medical

14:00h | 14:30h Sialadenosis vs sialadenitis: the two truly systemic, both definitely medical

M^a Teresa Boncoraglio | Internal Medicine | Porto, Portugal

14:30h | 15:10h From Gougerot's description to Sjögren's disease: a hundred years journey

Chiara Baldini | Rheumatology | Pisa, Italy

15:10h | 15:30h Eosinophilic sialodochitis: redefining allergic parotitis (Kussmaul disease)

Tiago Rama | Immunoallergology | Porto, Portugal

15:30h | 16:10h Juvenile recurrent parotitis: what else?

Pasquale Capaccio | ENT | Milan, Italy

16:10h | 16:30h Discussion

[chaired by Daniel Oliveira]

16:30h | 17:00h Coffee break and poster & industry exhibition

(includes sialendoscopy photo gallery)

17:00h | 17:30h Salivary gland pathology in pre-graduation: what to teach, what to learn?

António Mano Azul | Stomatology | Lisbon, Portugal

17:30h | 18:00h Salivary gland pathology in general practice: what to treat, what to leave?

Ana Rita Teixeira | Stomatology and General Practice | Porto, Portugal

CONFERENCE ON **SALIVARY GLANDS**

02-03.10.2026 | Porto, Portugal

Congress »»» Surgical

09:00h | 09:30h Free communications

[chaired by Francisco Gouveia]

09:30h | 10:30h Salivary obstructive syndroms: stones, strictures... and mega-ducts?

Michael Koch | ENT | Erlangen, Germany

10:30h | 11:00h Coffee break and poster & industry exhibition

[includes salivar stones photo galleria]

11:00h | 11:10h Ten years of CSB Salivary Gland Clinic: preliminary data and insights...

Tiago Fonseca | Stomatology | CSB

11:10h | 12:00h Parotid tumors, extracapsular dissection... and about the facial nerve?

Mark McGurk | MFS | London, UK

12:00h | 12:50h Minimally invasive salivary gland techniques: the expert's... expertise!

[round table]

Sialendoscopy for sialadenitis

Michael Koch | ENT | Erlangen, Germany

Management of ranulas

Mark McGurk | MFS | London, UK

Robotic-assisted surgery

Pasquale Capaccio | ENT | Milan, Italy

Extracorporeal shockwave lithotripsy

Philippe Katz | Radiology | Paris, France

Discussion

[chaired by Tiago Fonseca]

12:50h | 13:00h Ending session

[includes award ceremony for free communications]

Course »»»»» Technical

14:00h | 15:00h Sialendoscopy: where theory meets practice

[includes industry exhibition of equipments and materials]

Beginning and evolution

Philippe Katz | Radiology | Paris, France

Indications and possibilities

Pasquale Capaccio | ENT | Milan, Italy

Equipments and materials

Mark McGurk | MFS | London, UK

Techniques and tricks

Michael Koch | ENT | Erlangen, Germany

15:00h | 18:00h Sialendoscopy: training on anatomical models

Tiago Fonseca | Stomatology | CSB

CONFERENCE ON SALIVARY GLANDS

Scientific Committee | CV summaries

Mark McGurk | Maxillofacial Surgery, London (United Kingdom)

Born in Africa and schooled in Zimbabwe. Qualified in Dentistry (1976) and Medicine (1984) at Sheffield University. Appointed Professor of Oral and Maxillofacial Surgery at Guy's Hospital; London, in 1992. Moved to the head and neck unit at UCL in 2016. Main research interests are in clinically applied research and he helped pioneer a number of developments in minimally invasive head and neck surgery including intra-oral distraction osteogenesis, minimally invasive salivary gland therapy, extracapsular dissection, he ran the European Sentinel Node Trial and advanced the medical management of ORN and odontogenic tumours. Current research involves generating 3D models from MRI scans showing the facial nerve passing through the parotid gland. This makes AR assisted parotid surgery a reality and ushers in an age of personalised parotid surgery.

Michael Koch | Ear-Nose-Throat Surgery, Erlangen (Germany)

- » Degree in Medicine | *Friedrich-Alexander-Universität Erlangen-Nürnberg*
 - » Senior Consultant in Otorhinolaryngology | *HNO-Klinik, Universitätsklinikum Erlangen*
 - » Associate Professor in Otorhinolaryngology | *Friedrich-Alexander-Universität Erlangen-Nürnberg*
-

Pasquale Capaccio | Ear-Nose-Throat Surgery, Milan (Italy)

- » Degree in Medicine and Surgery | *Università Cattolica del Sacro Cuore, Roma*
 - » Senior Consultant in Otorhinolaryngology | *Ospedale Fatebenefratelli – ASST Fatebenefratelli Sacco, Milano*
 - » Ordinary Professor in Otorhinolaryngology | *Università degli Studi di Milano*
-

Philippe Katz | Radiology, Paris (France)

- » Degree in Medicine
 - » Specialization in Stomatology, Otorhinolaryngology and Radiology
 - » Clinical Head and CEO | IEFGS, *Institut d'Explorations Fonctionnelles et d'Endoscopie des Glandes Salivaires*
 - » Associate Professor | University Diploma in Salivary Pathology and Sialendoscopy, Sorbonne University
 - » Fellow of several scientific societies | RSNA, IADR, AAORL-HNS, SED, SFORLCFC, SFR, SFSCMFCO
-

Daniel Oliveira | Internal Medicine, Penafiel

Internist with a clinical focus on complex and difficult diagnosis. His practice has progressively centered on Clinical Immunology, particularly systemic autoimmune and autoinflammatory diseases as well as immunodeficiencies. His work spans both public and private practice. A clinical and translational researcher, his research uses the model of SLE - systemic lupus erythematosus to cover topics ranging from biomarker profiling to the impact of social determinants of health. He has authored several peer-reviewed publications, presented at major national and international congresses. He collaborates closely with patients and their associations, including Lupus Europe where he is part of the Young Doctor Advisory Board. Passionate about teaching and mentoring, he is also an invited Assistant Professor at ICBAS School of Medicine – University of Porto.

Fernando Duarte | Dentistry, Trofa

- » Degree in Dentistry | University Institute of Health Sciences – North, Gandra
 - » Master's Degree in Laser Dentistry | Laser & Health Academy, Ljubljana (Slovenia)
 - » PhD in Surgery and Odontostomatology | University of Salamanca, Spain
 - » CEO and Clinical Director | Clitrofa – *Centro Médico, Dentário e Cirúrgico*
 - » Scientific Coordinator | Clitrofa Education Academy
 - » Specialist in Oral Surgery | OMD, *Ordem dos Médicos Dentistas*
 - » Fellow of the European Board of Oral Surgery | EFOS, European Federation of Oral Surgery
 - » President | SPCO, *Sociedade Portuguesa de Cirurgia Oral*
-

José Manuel Lopes | Pathology, Porto

- » Degree in Medicine | Faculty of Medicine, Porto University
 - » Jubilee Senior Graduate Consultant in Dermatopathology | São João Local Health Unit, Porto
 - » Jubilee Associate Professor in Pathology | Faculty of Medicine, Porto University
 - » Senior Consultant | IPATIMUP, *Instituto de Patologia e Imunologia Molecular da Universidade do Porto*
 - » Senior Researcher | i3S, *Instituto de Investigação e Inovação em Saúde da Universidade do Porto*
-

José Pedro Figueiredo | Stomatology, Coimbra

- » Degree in Medicine | Faculty of Medicine, Coimbra University
 - » Senior Graduate Consultant in Stomatology | Coimbra Local Health Unit
 - » Head of the Stomatology Department | Coimbra Local Health Unit
 - » Associate Professor in Oral Medicine | Faculty of Medicine, Coimbra University
 - » Former President | SPEMD, *Sociedade Portuguesa de Estomatologia e Medicina Dentária*
-
