

# LA&HA Master in Laser Dentistry

PROF. DR. FERNANDO **DUARTE**

## MODULE V

# LA&HA Master's Program in Laser Dentistry

Module V, January 16 - 17, 2025,

Trofa (Porto), Portugal (LIVE MODULE)

## Objective of the fifth module

- The fifth module of the Master's Program gives participants in-depth information about laser technology, applications and science, or
- Optionally, the fifth module can be tailored to provide detailed clinical experiences and insights in daily dental laser practice.

Participants chose:

- **2-day stay in one of LA&HA's partnering dental offices to observe and assist with laser treatments**

## The program for the fifth module

### Laser-assisted oral surgical procedures with Dr. Fernando Duarte:

- Laser in Oral Surgery
  - Excision of soft tissue lesions and hard tissue surgery.
  - Infectious and cystic pathology. Oral and perioral pigmentation. Vascular lesions.
  - Pre-prosthetic surgery. Potentially malignant lesions. Biopsies.
  - Socket preservation and bone reconstruction.
- Laser in Implantology
  - Removal of post-extraction granulation tissue and alveolar disinfection
  - Atraumatic osteotomies: bone splitting, maxillary sinus elevation, bone block graft
  - Implant exposure and mucositis / peri-implantitis treatment protocols
- Photobiomodulation and nerve regeneration

## Requirements

**LA&HA Master students are required to have Modules I-IV completed before attending this module.**

It is recommended (but not necessary) to have your clinical cases documented before attending this module. If you plan to graduate in June 2026, please submit cases by February 15th, 2026.

## Lecturer and Clinical Expert

**Dr. Fernando Duarte**

Dr. Duarte is a distinguished Oral Surgeon Specialist recognized by the Portuguese Dental Association (OMD) and Fellow of the European Board of Oral Surgery by European Federation of Oral Surgery (EFOS).

He holds a Post-Graduate degree in Oral and Maxillofacial Surgery and a MSc in Oral and Maxillofacial Surgery from the prestigious Eastman Dental Institute at University College London, UK. In pursuit of excellence and innovation, Dr. Duarte expanded his professional horizons by completing a Master's in Laser Dentistry at the Laser & Health Academy in Ljubljana, Slovenia and a second MSc in Laser Dentistry at the Catholic University of Sacred Heart in Rome, Italy.

He holds a PhD in Surgery and Odontostomatology from the University of Salamanca – Spain and a second PhD in Maxillofacial Surgery from the University of Portsmouth – UK.

His dedication to advancing the field is evident in his ongoing pursuit of academic excellence. Dr. Duarte actively contributes to the dental community as the Scientific Coordinator of the Clitrofa Education Academy. Furthermore, serving as the CEO and Clinical Director of Clitrofa in Trofa, Portugal, Dr. Duarte leads a private practice specializing in Oral and Maxillofacial Surgery and Oral Implantology. With a unique blend of academic prowess, clinical experience, and leadership roles, Dr. Duarte stands as a dedicated professional shaping the future of oral healthcare in Portugal and beyond.
